Title	Myanmar Town Points PCode v9.2.1
License	MIMU Data License (MIMU) ⓘ
Abstract	Towns are urban areas divided into wards. This version is based on the latest MIMU Pcode version 9.2 and information provided by field offices and government departments. Compared to the previous version, it includes modifications of attributes in SAZ and SAD. Place names from General Administration Department (GAD), are available in Myanmar Unicode. Transliteration in roman script by MIMU.
Publication Date	March 30, 2020, 3:19 a.m.
